Sunnyside Dahlia

Comm.

GREETINGS

Never have our dahlias been more beautiful than this last season. Altho we had a drought early in the summer, when the rain came they responded liberally with a wealth of bloom and continued until frost came on October 9th. We never enjoyed them more. It was our privilege to attend some of the fairs, and our exhibits there showed the quality of dahlias grown at Sunnyside Dahlia Farm. The New York Show had a splendid variety of new seedlings, for quality and size of bloom, we have never seen their equal, we are listing a few which we consider of Superior Merit. The descriptions given in this catalog are in nearly every instance, the originators. We desire to thank you for your patronage, and assure you that you will receive our best service this coming year. Having grown a fine lot of tubers we are prepared to fill your orders to your entire satisfaction.

EAGLE ROCK BEAUTY (H. D.)—A more beautiful combination of pink and cream, than is displayed in this glorious creation would be difficult to imagine, no picture or description of this giant wonder can do it justice. It is in a class by itself, and unanimously admired by all. Strong growth and stiff stems holding perfectly erect the immense blooms which are full to the center. \$30.00 net.

GRANDOLA (D.)—Brilliant orange, medium sized blooms held erect on fine stems. A dahlia that attracts immediate attention. \$7.50 net.
